

24m² Mobile Units

6m x 4m

HD Ledshine offers a wide range of high quality outdoor mobile screens. As uniformity and design are two of our key values, all units have the same finished design, no trucks underneath, no big structures, no visible wheels or other equipment: only one support column in the middle and a clean base finished down to the very last detail. These are the perfect eyecatchers for outstanding outdoor events.
